

Mega Event Impact

Nick Vujcic

- A dynamic speaker that was born with out legs or arms. His testimony is one of hope, encouragement and perseverance no matter what your situation or condition. He has spoken all over the world and is sure to impact thousands in Arequipa.

Lonna Vonpat

- Ministry Speaker, Talk show host and writer, Lonna has a passion to share God's message with women of all ages and walks of life. Using humor, props and her personal testimony Lonna takes audiences on an adventure boldly proclaiming our identity as daughters of the King

Tammy Trent

- Tammy, popular Christian recording artist, author, and speaker tells the unforgettable story of her relationship with her husband who 18 years into their marriage lost his life in a scuba diving accident. Her message is of hope through trials and her lifeline of hope connecting her to God's enduring love.

Team Faith (Motocross)

- Team Faith's mission is to lead by example that their Faith in God and The Holy Spirit influences them to witness to other interested in extreme sports. They have performed in hundreds of cities in the US and have a dynamic way of sharing the love of Christ.

Felix Vargas

- An ex-member of the Cali Cartel Felix has a exciting and powerful message of deliverance from a life of darkness and sin. His life was transformed completely and now is a Pastor in the Nazarene denomination.

Along with these main impact/speakers there will be many events going on that will engage everyone from the young to the old. Some include

- **Puppet shows**
- **Medical booth**
- **Prayer room**
- **Kids games and face painting**
- **Concerts**

Everything we do at this event will be geared towards exposing people to Christ!

City Impact (all 7 cities)

School Ministry

- Entering a public/Catholic school and during an assembly, presenting a testimony, story, drama or puppet show in order to bring Christ into the school.

Prison Ministry

- Entering into the local prisons to share Christ with the inmates. This is a good opportunity for a person with prison ministry experience and/or prison history to participate in evangelism.

Night Club Ministry

- This is a specific event type ministry that will be focused on a night club that is adjacent to one of our local churches. There is a large amount of university students that are loitering in and around the club from Thursdays to the early hours on Sunday morning. The local pastors think that this is a perfect opportunity to reach out and present the gospel to those young students.

Evangelism Outreach

- We will be partnering with the local pastors to target areas in the church plant communities with specific evangelism. There will be pairs of volunteers which will need to include at least one interpreter per group. Others will need to be able to share their message of Christ's impact in their lives.

University Outreach

- We want to provide those student with a solid picture of Christ and the benefits of a relationship with Him. During this ministry, we would provide an opportunity for many to spend time on the local campuses, with one-on-one evangelism, small group outreach, promotion for specific micro events such as an upcoming Christian concert or event, or any other evangelism tool that can be utilized.

Plaza Ministry

- Going out into the different district plazas and ministering to the people through puppet ministry, face painting with a purpose, theater, music, games and so much more!

Event Promotion

- In order to promote our goal of jumpstarting a church planting movement and encourage attendance to these events, we need to connect with people. There is a need for volunteers to help with every facet of promotion as it is imperative that we have people come to the events and get connected.

Mental Hospital Ministry

- There are a number of mental hospitals in the cities in Peru. These people are typically forgotten. This is an amazing opportunity to reach out to those that are confined in a mental facility that need attention and someone to show them the love of Christ to them. This can
